"Rainbow"

TULIP COLLECTION

100 Flowering Tulip **\$3.45**
Bulbs in Mixed Colors

Postpaid in U.S.

We are sure each and everyone of you has enjoyed the beautiful Rainbows in the summer months — the exquisite coloring so vivid, the picture remained for days. This is the impression you will receive when looking at a bed of bloom supplied by these mixed varieties of Tulips — an unusual range of color in reds, yellows, purples, pinks, white, etc. A real money-saving value in high quality bulbs. These are not the usual so-called "Bargain" bulblets. Each bulb measures about 4 inches around — the size of a 50c piece.

GUARANTEED TO BLOOM NEXT SPRING.

We wish space permitted our printing some of the many fine letters we received this past spring regarding the wonderful results our customers had with this collection which they purchased last Fall. We cannot stress too strongly that you order early for the supply is limited. **PRICE: 25 for \$1.25; 50 for \$2.00; 100 for \$3.45, prepaid in U. S.**

PLANT TULIPS Now

We are offering Holland-grown Tulips in all named varieties listed on pages 2, 3 and 23 — All large 11-12 centimeter bulbs. We have selected the best in the unique Parrot types, the Peony-Flowered, Darwin, Cottage, as well as the World's Largest Tulip offered on page 3. The choicest and most beautiful kinds in tall-stemmed May-flowering Tulips.

AFTERGLOW (Darwin). Rosy-orange with salmon tint at edges.

BLEU AIMABLE (Darwin). A heliotrope-lilac, inside violet. The nearest to blue in Tulips.

CITY OF HAARLEM (Darwin). Large, cardinal-red. Very showy.

MARSHALL HAIG (Cottage). A very fine brilliant scarlet tulip of high merits.

MRS. GRULLEMANS (Darwin). Ivory with cream undertones; yellow base and anthers.

MRS. JOHN T. SCHEEPERS (Cottage). Elegantly formed long-shaped bloom of exceptional size, in a deep golden yellow.

MR. VAN ZYL (Darwin). A beautiful shade of deep pink, with slightly lighter edge.

NORTHERN QUEEN (Cottage). A large white and pink; lower part of petal white, tapering up to center of petal to a rose-pink.

QUEEN OF NIGHT (Darwin). A recent introduction, and one of the best "black" Tulips. Flowers are large, of rich black-maroon color, and are held on very tall, erect stems.

PRICE FOR ABOVE TULIPS, Any One Variety: 6 for 75c; 12 for \$1.40; 25 for \$2.50; 50 for \$4.75; 100 for \$9.25, Prepaid.

(*Tulipa Fosteriana*)
World's Largest Tulip

Largest Tulip of all! The bloom itself is often well over 4 inches tall, 8 inches across when wide open. Flowers are a dazzling vermilion-red, with yellow base. Blooms the earliest of all Tulips. When half opened, the flower shows its marvellous butterfly-heart, colored deep black, bordered by a yellow edge. Give this the best space in your garden, protect it against hard winds, and you will enjoy its beauty for several weeks.

Perennial PHLOX

Plant Phlox this fall to insure next year's bloom. We are now pleased to offer an especially fine collection — 10 of the best and newest varieties of the popular kinds offered today — each a different color. All strong, field-grown plants, which will bloom next summer.

PRICE: All varieties listed: 35c each; 5 for \$1.50; 10 for \$2.50 postpaid.

BRIGHT EYES. New, bright rose pink, dark red eye.

BORDER QUEEN. Pure rose pink.

FLASH. Large, rosy red, one of the best Phlox.

MARY LOUISE. Large, pure, glistening snow white heads. The best white.

PROGRESS. Gorgeous, large florets of dainty light blue with dark blue eye.

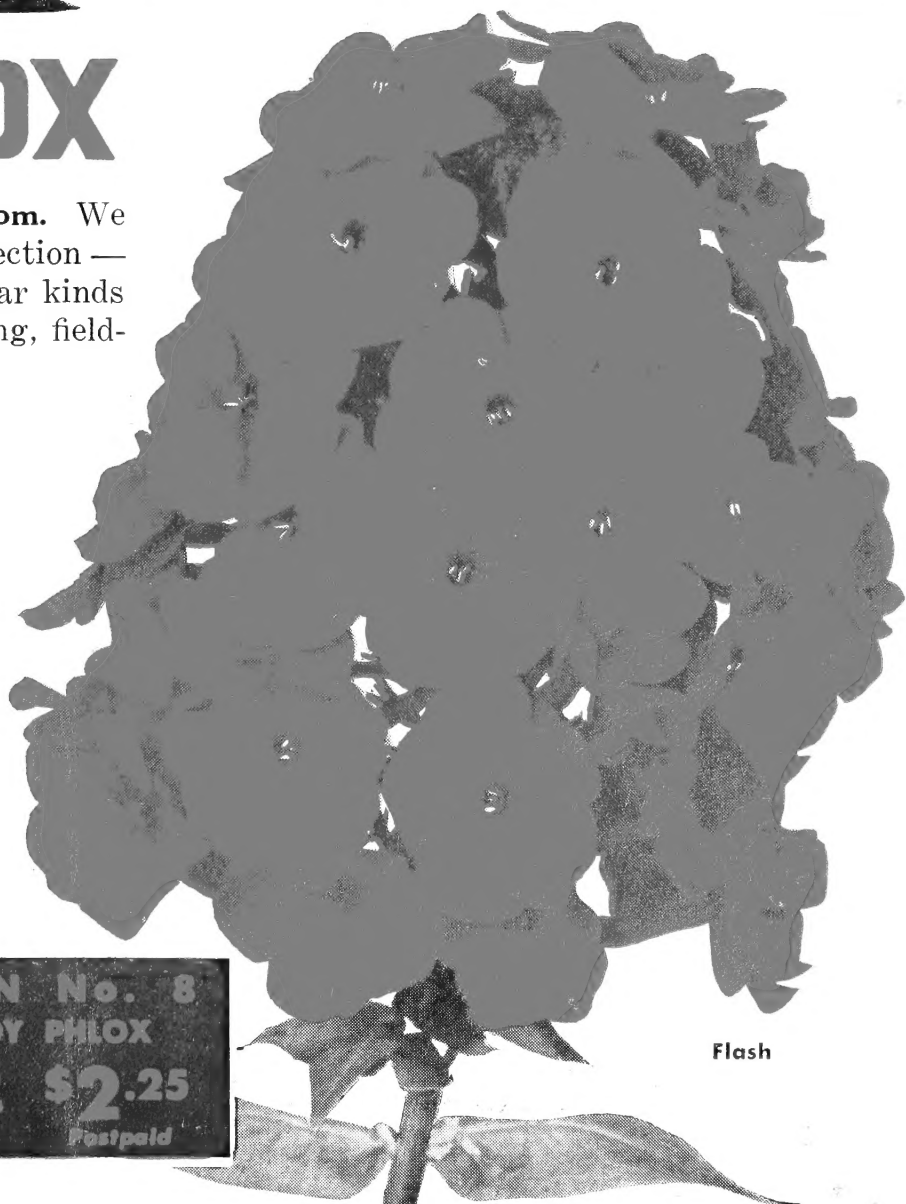

ROYAL PURPLE. A very rich purple, deep at the edges, shading to violet in center of petals, then deep red-dish-purple at eye. An early bloomer.

ROSY BLUE. This is one of the finest in this color grouping — soft lavender-blue with delicate pink undertones — never a sign of objectionable purple or violet tinting. Well-filled, symmetrical heads with unusually large individual florets. Tall grower and early bloomer.

RUBY LEE. New! Extra large flower heads with the unique coloring of plum-red flowers.

SPITFIRE. Salmon orange flowers, crimson eye. A delightful addition to the Phlox family.

STAR LIGHT. Beautiful lavender flowers with a white eye.

A Living Farm Fence

ROSA MULTIFLORA

HARDY — STOCKPROOF — ATTRACTIVE

The Miracle Rose Hedge

2-79 — An all-purpose hedge for your lawn, for windbreaks, to hide that unsightly view, or for stock-tight fences. Is very hardy. Blooms late in the Spring. A medium-fast grower — on soil of average to good fertility, it will produce a hedge in three or four years that will turn any kind of live-stock except small pigs. The attractive plants grow 6 to 8 ft. tall and 5 to 7 ft. wide. Rosa Multiflora hedges do not need clipping, pruning, training or supports, although for lawn hedges it can be kept pruned to any height or size. Thrives under a wide range of soil types and conditions.

You will find the Multiflora hedging a natural for conservation farming — it's stock-proof, hardy and well-behaved. Recognized and developed by U. S. Soil Conservation Service. Trial fences have been planted in the East, South, Middle-west and Northwest and proven successful. You can have a cheap, stock-tight fence for 40% less cost of woven wire fence by planting Multiflora, and at the same time kiss your fence-maintenance problems goodbye. Note photographs at left which will give you some idea as to the adaptability of this unique hedge. Should you want to remove this hedge it is quickly destroyed with 2-4-D or by clipping.

This easily grown hedge makes an excellent cover, nesting facilities, and provides winter food for wild life. The natural propagation and successful wintering of game assures a growing supply for sportsmen.

PRICE: 8 to 15 in.
No. 3mm, 6 for 65c; 12 for \$1.20; 25 for \$2.00; 50 for \$3.75; 100 for \$7.00; 1,000 for \$60.00, not prepaid.

HEDGE PLANTS

BLUE LEAF ARCTIC WILLOW. (*Salix purpurea nana.*) A dwarf bush that is distinctly different as a hedge plant. Foliage is of unusual blue-gray-green. Hardy enough to withstand Arctic Circle temperatures. Grows everywhere, even in wet or heavy soils where nothing else will thrive. Matures into a beautiful, thick hedge, up to 4 feet tall. Can be clipped for formal effect, or allowed to grow naturally, as it makes a dense globe-shaped bush. PRICE: 2-Yr., 12-15 inch plants, 3 for \$1.25; 6 for \$2.00; 12 for \$3.50; 25 for \$6.00; 50 for \$11.00; 100 for \$20.00.

RED BARBERRY. Similar to Green Barberry in all respects except color is a brilliant red. Immune from rust. Dwarf growing, uniformly bushy and rounded in form. Early spring, assumes a deep, bronzy-red color, which it retains until fall, when it changes to vivid orange, scarlet and red shades, far more brilliant than the ordinary Japanese Barberry. These are field-grown, transplanted bushes,

not to be confused with the usual spindly plants taken out of beds. 2-Yr., 12-15 in., 45c each; 6 for \$2.50; 12 for \$4.50; 25 for \$8.00; 50 for \$15.00.

AMoor RIVER NORTH PRIVET. One of the best hedge plants because of its extreme hardiness. It is of similar form and habit to the well-known California type, but much hardier. Of fine, upright growth with lustrous dark green foliage, nearly evergreen. Grows quickly, making a hedge the first year, and succeeds in practically all soils. Especially valuable for hedges and borders in cold, exposed locations. When planting, cut back to 4 inches above ground to make hedge bushy at bottom. Price: 2-Yr., 15-18 inch, 6 for \$1.50; 12 for \$2.25; 25 for \$4.25; 50 for \$7.50; 100 for \$12.50. 2-Yr., 18-24 inch, 6 for \$1.80; 12 for \$3.25; 25 for \$5.25; 50 for \$8.75; 100 for \$14.50.

Sub-Zero ROSES

Easy to Grow — Long to Live — Save Replacement Expense

These are the famous Brownell Sub-Zero Roses — A New Race of hardiness previously unknown in Hybrid Tea Roses. They are easier to grow, bloom more abundantly and more consistently, and their size, form and color compare with the best of the common Hybrid Tea Roses. Why? Because they are bred back to hardy species. They are super-hardy hybrid teas that absolutely won't kill out even in temperatures that dip 25 degrees below zero. The technical meaning of our "Sub Zero" is wood safe to about 15 degrees below zero unprotected; hilled up with a little clean dirt 25 degrees below and colder; well hilled up about 95% safe at 50 degrees below. Because they are so hardy we guarantee them unconditionally to live through one year without winter killing. Best of all, they are free blooming, have long stems with flowers that last a long time. **We are offering 5 of the best and leading varieties of these wonderful New Roses.**

Curley Pink. Matchless in size and form of bloom, beauty of cluster, vigor. Many large, two-toned pink blossoms, of over 50 gracefully recurled petals.

Lily Pons. White with pure yellow center, large graceful flowers of indescribable delicacy; vigorous free bloomer.

Queen o' The Lakes. The queen of all the double reds. **Shades of Autumn.** A bi-colored beauty; gorgeous shades of red, yellow and blush. Free bloomer.

V for Victory. Most beautiful, large, very double, yellow, fragrant Roses; constantly blooming.

PRICE: All Varieties listed, \$1.75 each; 3 for \$5.00. Not prepaid.

Curley Pink

Queen O' the Lakes

BEACH PLUM

A unique shrub which is not only a beautiful ornamental but valuable for its fruit. Bears first or second year after planting. Beautiful white flowers late in the spring before leaves appear. Hardy, and a vigorous grower even on the poorest soil. Wonderful for jams and jellies. **We are offering three varieties of Beach Plum, as follows:**

Allegheny. Medium to large, tree-like shrub. Blooms profusely in April; ripens in August.

Hancock. Small shrub, 3 ft. high. Dark blue fruit of excellent flavor. Ripens late August. Small pit.

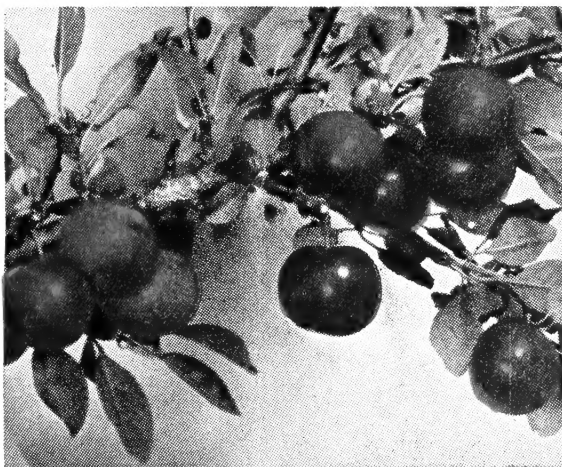

Safford. Prostrate or spreading; bush up to 4 feet. Heavy bearer. Fruit is deep blue, sweet, good flavor. Late August ripening.

PRICE: 2-Yr., 2-3 ft. shrubs, \$1.40 each; 2 for \$2.50.

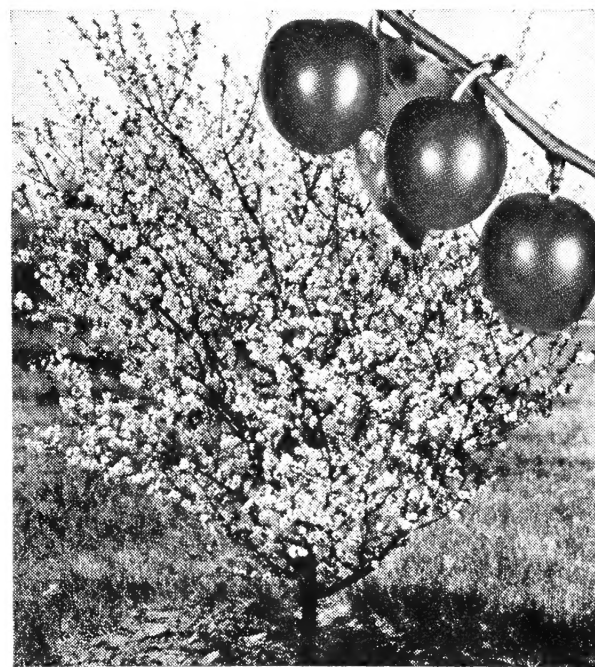

RED LEAF PEACH

An Ornamental tree with RED FOLIAGE — bright red early in the spring, gradually dulling to a deep maroon towards fall. Its deep rose blossoms against the red foliage create a most pleasing contrast. Produces full crops of perfectly round, inch and a half diameter peaches — just right for pickling. Fruit has all over red coloring, flesh is white with a delicious sweet flavor. Ripens late, with the Gold Drop. **PRICE:** 1-Yr., 3-4 ft. trees, \$1.45 each; 2 for \$2.00.

Oka Cherry

OKA CHERRY

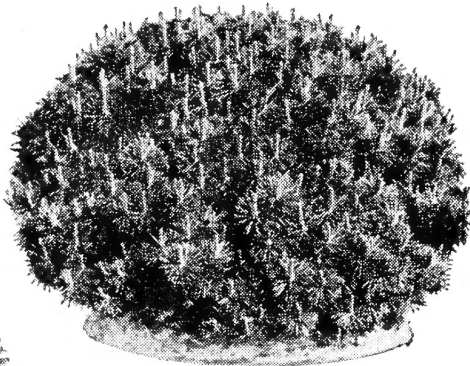

The Best Cherry-Plum introduction. Early bearing — very hardy — delicious flavor — prolific. Dwarf bush habit; bears from the ground up. Showy blooms early spring. Fruit is about one inch in diameter, purplish black skin and flesh. Very sweet. Ripens late July — early August. Delicious to eat, for jelly and jam. Plant near your Plum trees. **PRICE:** 2-Yr., 3-4 ft. bushes, \$1.15 each; 3 for \$3.00.

BIOTA AUREA NANA. A very compact, slow-growing type. The flattened leaf-clusters, face outward edgewise. Fresh yellow-green in color. Dwarf, conical form, 18-24 in. XXX \$4.00 each; 2 for \$7.50. Baby size 8-10 in. 60c each; 2 for \$1.10.

COLORADO SPRUCE. The popular Spruce used for specimen planting. Very hardy. 12-15 in. heavy transplants, \$2.00 each; 2 for \$3.50. No baby in this variety.

Plants to Grow in Your Home this Winter

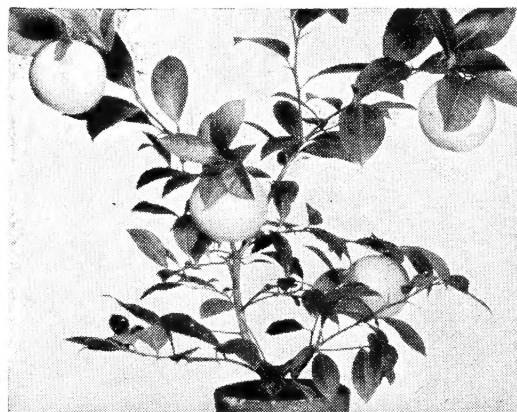

AMERICAN WONDER LEMON

(Grows Lemons Indoors on Small Plants.) Sometimes offered as Ponderosa Lemon. The most unique plants ever offered for indoor culture. Covered with waxy white flowers several times each year, nearly as large as Tuberose and as fragrant as Orange Blossoms. Flowers are followed by large lemons of high quality. Fruit often weighs more than 2 pounds. Strong plants from 2 1/4-inch pots, 75c each; 2 for \$1.40. 4-inch pots, \$1.75 each; 2 for \$3.25. Prepaid.

NEW DWARF ORANGE

(Otaheite Orange.) A grand pot plant of great beauty and novelty. Its glossy green leaves, fragrant waxy white, faintly tinted with pink, blossoms create a most pleasing sight. Fruit is about one-fourth the size of an ordinary Orange. A 5-inch pot has been known to carry 10 to 12 oranges at one time. Strong plants from 2 1/4-inch pots, 75c each; 2 for \$1.40. 4-inch pots, \$1.75 each; 2 for \$3.25. Prepaid.

THE ROSE GARDENIA

(Gardenia Veitchi.) The Gardenia is the most popular and fashionable flower — the flower of romance! It makes a grand house plant. Blooms from early spring until fall. Flowers are waxy white; foliage rich glaucous green. Plants prefer living room temperatures. Culture same as Geraniums. PRICE: Strong plants, from 2 1/4-inch pots, 75c each; 2 for \$1.40. 3-inch pots, \$1.40 each; 2 for \$2.50. Prepaid.

Ackerman's Hardy

ORNAMENTAL TREES

CHERRY, Kwanzan (Sacred Gate).

Flowers are very full and double, deep pink or old rose, varying in tone according to weather conditions. This variety is found around the famous Tidal Basin at Washington, D. C. Fine, 3-4 ft. trees, \$2.25 each; 2 for \$4.25.

WILLOW, WISCONSIN WEEPING.

(*Salix blanda*). A graceful tree of large size. Its long, fine leaves on slender branches are a fresh, bright green tint. Rapid grower. 2-Yr., 5-6 ft. trees, 75c each; 3 for \$2.10. 6-8 ft. trees, 95c each; 3 for \$2.70.

PRUNUS TRILOBA

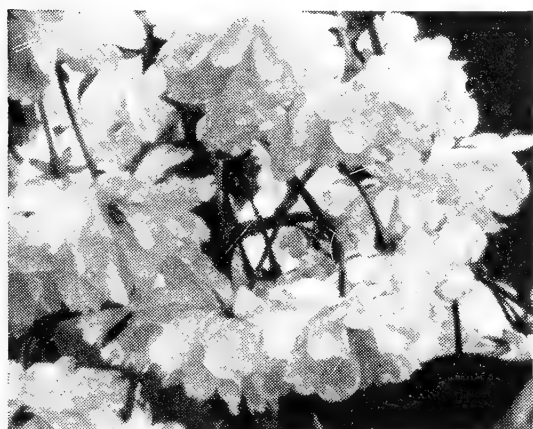

(The Rose Tree of China!)

The Double-Flowering Plum.

The flowers on this small-growing tree are like the Flowering Almond, double, roselike, and hugging the naked branchlets so closely and so profusely it is impossible to see the branches; blooms are a bright shade of pink. The leaves appear after the bloom and seem to be three-lobed. Hardy and seldom grows taller than 8 feet. A worthy tree for specimen planting or in your shrub border. PRICE: 2-Yr., 4-5 ft. trees, \$1.60 each; 2 for \$3.00.

Prunus Triloba

Dbl. Flw. Kwanzan Cherry

ELM, CHINESE (*Ulmus Pumila*). Very rapid grower. Will give ample shade in only 5 to 6 years. Dense, dark green foliage. First to leaf out in the spring. Very hardy. 2-Yr., 3-4 ft. trees, 65c each; 3 for \$1.80. 4-5 ft. trees, 85c each; 3 for \$2.40.

MAPLE, SILVER. Very hardy, rapid growing tree. Their irregular growing leaves are a silvery green, turning to yellow and bronze in the fall. 2-Yr., 4-5 ft. trees, 85c each; 3 for \$2.40. 6-8 ft. trees \$1.80 each; 3 for \$5.00.

Wisconsin Weeping Willow

BIRCH, American White. A large, vigorous, upright tree with broad, handsome leaves and brilliant white bark. (Note the bark of young trees has a reddish cast, which disappears within a year or two from planting). 2-Yr., 6-8 ft. trees, \$2.25 each; 2 for \$4.00.

BECHTEL'S DBL.-FLW. CRAB. Truly a Rose in Disguise! The only genuine Double-Flowered Crab. Makes a medium-sized tree; perfectly hardy. When in bloom, is covered with delicate pink, perfectly double, small, rose-like flowers of delicious fragrance. Blooms very young. 2-Yr., 3-4 ft. trees, \$1.35 each; 3 for \$3.75.

Bechtel's Crab

Silver Maple

BARGAIN No. 14

Field Grown Shrubs

ALL STRONG 2 TO 3 YEAR OLD WELL ROOTED

OAK LEAF HYDRANGEA (*Quercifolia*). Handsome 3-lobed leaves measuring 4 inches across, color to bright purplish red in autumn. Pyramidal white flower panicles measure 8 to 12 inches long. Blooms in July. Grows 4 to 5 feet tall. 2-Yr., 12-15 in. shrubs, 75c each; 3 for \$2.10.

PINK FLOWERING ALMOND. The shrub is a cloud of tiny rose-like blooms before leaves appear. Early spring-flowering shrub. Growth dwarf and bushy, compact with slender branches. Flowers are a rosy-pink, generally fully double, set close to the wandlike branches. Very hardy. 2-Yr., 18-24 in. shrubs, 80c each; 3 for \$2.25.

RED JAPAN QUINCE. The Red Firebush! Very early in the spring, this fine, attractive shrub is completely covered with dazzling, scarlet flowers, followed by small, fragrant, quince-shaped fruits. Foliage dark, glossy green. Grows 5 to 7 feet tall. 2-Yr., 18-24 in. shrubs, 70c each; 3 for \$1.85.

SNOWBALL. Common (*Viburnum Opulus Sterile*). This well-known favorite, prized by every gardener. It is really one of the prettiest grown. It has immense globular clusters of flowers in May and June; grows 9 to 11 feet high. 2-Yr., 15-18 in. shrubs, 80c each; 3 for \$2.25.

EVERBLOOMING LILAC. A rare new shrub introduced from China. It has the unique habit of blooming a second time in the autumn and often stray blossoms throughout the summer. Quantities of lilac-pink blossoms in early spring. 2-Yr., 18-24 in. shrubs, \$1.50 each; 2 for \$2.75.

WITCH HAZEL. (*Hamamelis Vernalis*.) Flowers in the winter. In January, February and March, great masses of orange and yellow bloom. Rarely exceeds 6 feet in height. Hardy, sweetly fragrant. An excellent shrub for border planting or individual specimens. 2-Yr., 15-18 in. shrubs, 65c each; 3 for \$1.80.

CALYCANTHUS. The sweet-scented Shrub or Strawberry Shrub; also called Chocolate Shrub and Carolina Allspice. Flowers very double, a brownish purple in color, and deliciously fragrant. Blooms nearly all summer. Even the roots are very fragrant. Matures 8 to 10 ft. 2-Yr., 15-18 in. shrubs, 65c each, 3 for \$1.80.

SMOKE TREE (*Rhus Cotinus*). **Purple Fringe.** Unique, spreading, tree-like shrub with large leaves, overhung to midsummer by cloud-like masses of mist-like flowers having the appearance of smoke. Foliage changes to a brilliant red and yellow in fall. Good as a specimen, or with tall shrubs. 2-Yr., 15-18 in. shrubs, 75c each; 3 for \$2.10.

ALTHEA (Rose of Sharon). Beautiful tree-like shrub, blooming late in August and September with a profusion of large and brightly colored flowers. Grows 10 to 12 feet high. Attractive as a specimen or for hedges. **All Double flowering.** Your choice of Pink and Red. Specify color wanted.

HANSEN'S BUSH CHERRY. An ornamental shrub producing delicious fruit! Snow-white flowers in early spring, followed by fruit as large as any sweet cherry, but plum-shaped; good flavor. Excellent for sauce, jams and jellies.

MOCK ORANGE. (Philadelphus Coronarius). Tall, hardy and vigorous. Blooms in May, in graceful sprays of large, white, fragrant flowers. Grows 8 to 10 feet tall.

WHITE SNOWBERRY. A desirable shrub with small, pink flowers, followed by large, white, wax-like berries which hang on the plant through most of the winter. Is very showy and succeeds everywhere. Does well in shade. Grows 3 to 4 feet tall.

RED SNOWBERRY. Often called Coralberry or Indian Currant. Similar to White Snowberry but with red berries. Grows 3 to 4 feet tall.

PURPLE LILAC. It is hard to outclass this old-fashioned purple Lilac. Early prolific bloomer, very fragrant. Very fast growers.

HONEYSUCKLE, TARTARIAN PINK. Bright pink flowers followed by red berries in the fall. Bushy, upright. Grows 8 to 10 feet high. Very hardy.

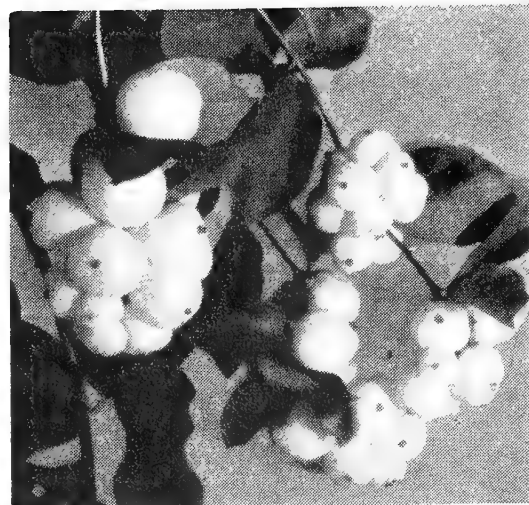

WEIGELA ROSEA. Beautiful pink trumpet-shaped flowers, May to June. Grows 5 to 6 feet tall. A good shrub; good flowers, good foliage, easy to grow.

REDTWIG DOGWOOD. An excellent native, free flowering shrub, which is very handsome when in bloom, and with its white berries on red stems in the fall. Grows compactly, 8 to 10 ft. tall.

SPIREA CALLOSA ROSEA. A dwarf variety, growing 3 to 4 ft. high, which produces large, flat clusters of reddish pink flowers nearly all summer. For continuous bloom, remove flowers as they fade.

Colorful-Inexpensive BEAUTIES

All 2-Year, well-rooted Shrubs

BLUE ALTHEA. A rather scarce color in flowering shrubs. Has charming, large, single flowers of deep blue shade with a crimson eye. Blooms freely from early summer to late fall. **PRICE: 60c each; 3 for \$1.65.**

DEUTZIA CRENATA ROSEA. Here is a Deutzia that is different, and one which should be included in every planting. Beautiful, double pink flowers thickly stud the graceful upright branches in May. Matures to 3 to 5 feet. **PRICE: 60c each; 3 for \$1.65.**

WEeping FORSYTHIA. (Suspensa). This is the drooping or weeping form, although some branches are a little upright. Masses of four-petaled, bright gold flowers light up the garden in the spring. Blooms about six days before the upright form. Hardy. **PRICE: 60c each; 3 for \$1.65.**

HYDRANGEA P. G. This lovely, showy shrub produces in abundance during August and September, large conical-shaped white flowers, which turn pink towards fall. Hardy, easy to grow and blooms first season planted. **PRICE: 65c each; 3 for \$1.80.**

ZABELI HONEYSUCKLE. The beautiful Red Honeysuckle. Very compact, erect, well-formed bush maturing to 7 feet. Produces beautiful red flow-

ers which are followed by brilliant red fruits in late summer. Very hardy. **PRICE: 65c each; 3 for \$1.80.**

SPIREA PRUNIFOLIA. (The True Old-Fashioned Bridalwreath). Small, tight pure-white blossoms borne in great profusion in early spring. Glossy, round green leaves during the summer, which turn to pleasing shades in autumn. Tall upright growing shrub, reaching a height of 8 feet when fully matured. Very hardy. **PRICE: 65c each; 3 for \$1.80.**

LILAC, Persian Purple. A decided improvement over the common Lilac. A shrub with slender, arching branches, attaining a height of 8 to 10 feet. The foliage is small, the flowers bright purple. Blooms in May and June. A much more profuse bloomer than the common, and does not sprout so much from the roots. **PRICE: 65c each; 3 for \$1.80.**

BARGAIN No. 17

BLUEBERRIES

One of the biggest money-makers as a commercial proposition. We averaged 500 crates per acre this summer, making a net profit of \$2.00 per case. More profits per acre than any other small fruit if your ground is suitable. An attractive ornamental from early spring until late fall. Heavy producer — four bushes in your yard will provide enough berries for Blueberry pie throughout the season. As an ornamental shrub, the Blueberry cannot be surpassed; are full of pink buds, which open into bell-shaped, white flowers starting in June. Blueberries must have an acid or semi-acid soil, good, drainage and moderate supply of moisture; plant 5 x 7 feet apart.

We offer 3 named varieties in one, two, and three-year grades; thus: No. 1-3 Rancocas (early to mid-season); No. 1-2 Jersey and No. 1-1 Rubel (midseason to late).

Specify the varieties wanted. We cannot guarantee varieties in 4-, 5-, and 8-year-old, but they will consist of all good kinds. The 4-, 5-, and 8-year-old bushes will produce next summer. Remember, the older the bush, the more berries and profit you will receive.

Cultural instructions on the planting of Blueberries included with every order.

Amazing DWARF FRUIT TREES

✓ Take Little Space ✓ Bear Young
DWARF APPLE TREES →

These unique trees require less space and produce much quicker than standard fruit trees. Most varieties generally start producing the second and third year after planting. They do not spread more than 10-15 ft. and are never more than 10-15 ft. high at maturity. Makes a beautiful ornamental tree. Also produces heavy crops of fruit — 2 trees in a small corner in your yard will provide enough fruit for you and your neighbor.

We are offering 3 varieties: Specify choice. Cortland, Red McIntosh, Red Delicious, 3-4 ft., \$3.00 each; 2 for \$5.50.

Dwarf Pear Tree

DWARF PEAR TREES

These wonderful trees are offered in the well-known **Bartlett** variety (See page 17 for description), and **Clapp's Favorite** (a large pear, very juicy, which ripens in late Aug.) This variety only in 2-3 ft. size.

PRICE: 2-3 ft. trees, \$1.45 each; 2 for \$2.70; 4 for \$4.50. 3-4 ft. trees, \$1.95 each; 2 for \$3.50; 4 for \$6.50.

STANDARD - SIZE PEACH TREES

You Can Rely on ACKERMAN'S True-to-Name — Disease Free Trees. There's a difference. Northern Grown. Buds Especially Selected from Heavy Bearing Trees! We are offering 6 varieties, as follows:

ELBERTA. Standard market peach. Very large; yellow with red blush; flesh is yellow, tender and juicy. Ripens middle of Sept. Freestone.

GOLDEN JUBILEE. Ripens a month earlier than Elberta. The fruit is yellow with red blush; juicy, tender and sweet. Freestone.

J. H. HALE. Ripens 5 days earlier than Elberta, is larger and superior flavor; beautiful golden yellow with carmine blush, smooth, fuzzless. Freestone.

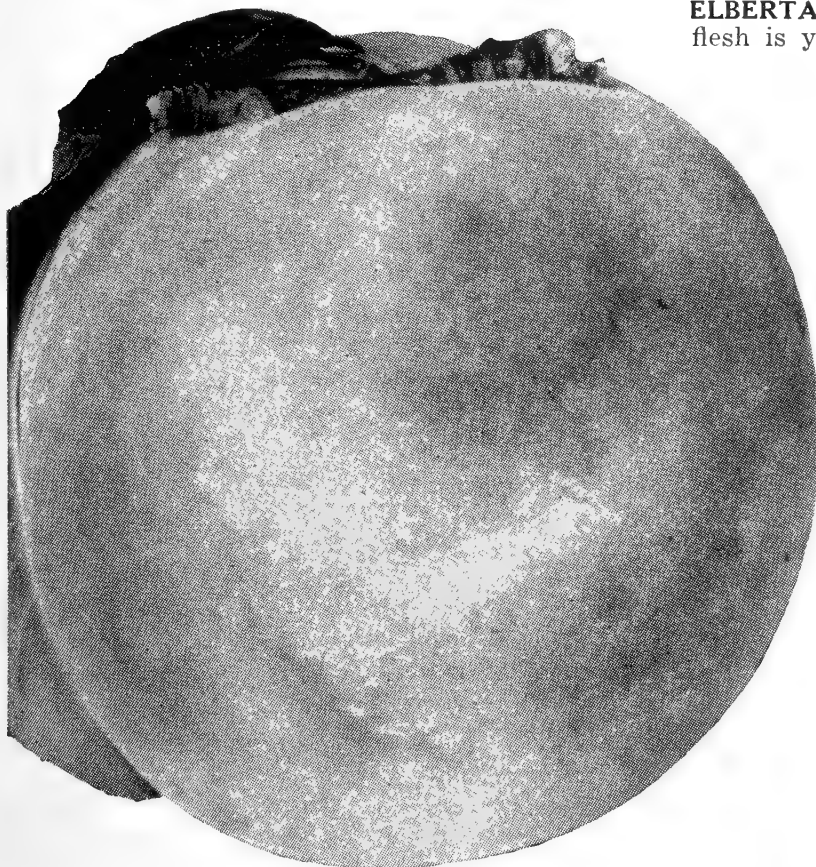

HALE-HAVEN. Freestone. Ripens 15 days earlier than Elberta. Fruit almost perfectly round; beautiful yellow with considerable red. Very hardy. Heavy bearer.

FAIRHAVEN. The New Wonder Peach. Early Ripening — Heavy Producer — Hardy. At least half of the fruits of Golden Jubilee will have been picked when Fairhaven begins. Fruit is medium-large, nearly round, and mostly bright golden in color, with a bright red cheek. Skin smooth and tough. Firm-textured and of good flavor. Resists browning.

RED HAVEN. Ripens 30 Days Earlier than Elberta. Yellow freestone almost completely covered with a brilliant red color; sweet in flavor. Fruit buds much harder than Elberta.

Sensational MONTMAMMOTH SOUR CHERRY

This variety was found by Lee McClain, of Knox County, in 1928. A sport of the Montmorency. Bears the second year — no waiting for fruit. High quality cherries are large, often calipering an inch in diameter. As the tree is dwarf and spreading in growth, it is much easier to pick than other varieties, as the bulk of the crop can be harvested from the ground. Heavy producer — 3 to 5 fruits per spur. The parent tree was one year old when planted, which was 32 years ago, and it produced a 6-gallon crate of fruit the third year. The many fine points that this sour Cherry has, is rapidly taking the place of all sour Cherries.

PRICE: 1 Yr., 2-3 ft. trees, \$1.50 each; 3 for \$4.35; 10 for \$14.00.

BARGAIN No. 22

SWEET CHERRIES

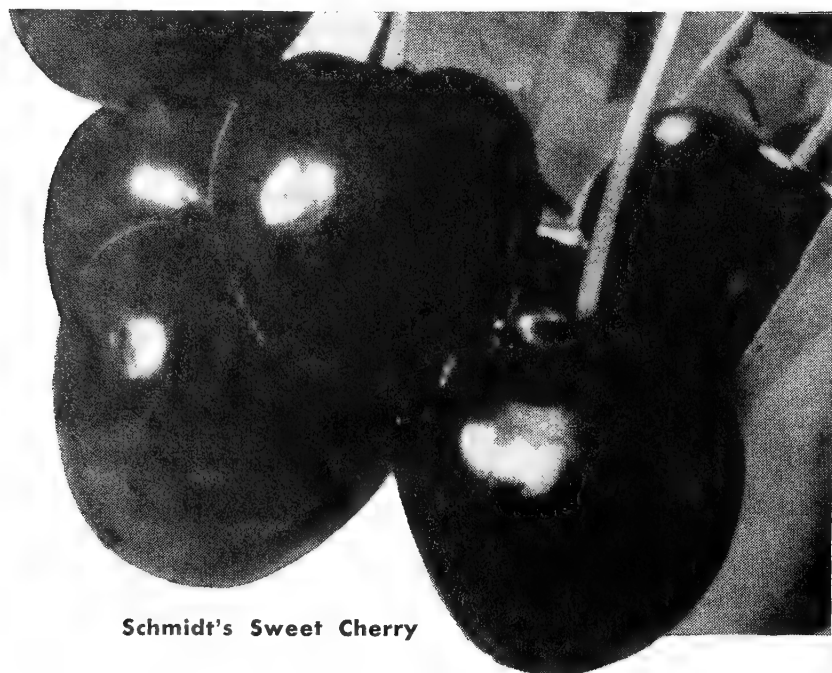

NAPOLEON. Of fine appearance and very largest size. Color yellow and amber, with bright red blush; flesh firm, juicy and delicious. Bears enormous crops ripening in July.

SCHMIDT'S BIGARREAU. The Giant of the Black Sweet Cherries. Especially noted for coming into bearing at an early age. Bears heavily, is very hardy and a sure cropper. Immense size, deep black; flesh dark, tender, very juicy, fine flavor. Ripens July.

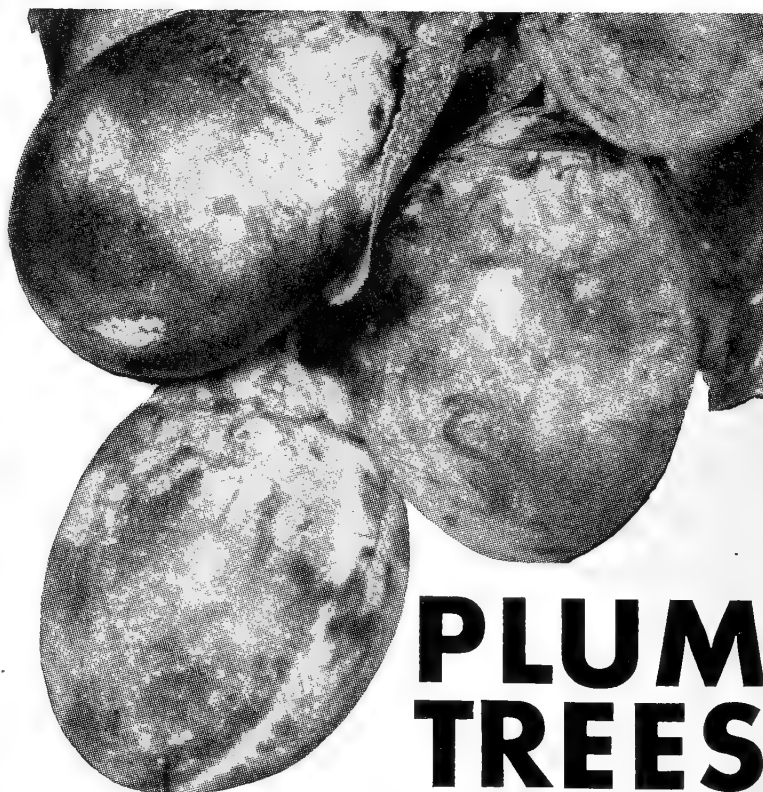

WINDSOR. Fruit large, dull red; flesh remarkably firm, of fine quality, an excellent shipper and a good bearer. Ripens middle of July.

PRICE Sweet Cherries, (All varieties listed):

	Each	10	100
1-Yr., 7/16 in.	\$1.60	\$15.00	\$100.00

Schmidt's Sweet Cherry

PLUM TREES

Burbank. A large red variety, ripening in August.

Reine Claude. (Green Gage). Large yellow-green, juicy, melting, sugary. Ripens quite late.

Stanley Prune. The best Prune. Large, deep bluish purple, very sweet and bears at an early age; September ripening.

PRICE OF PLUM TREES (All Varieties Listed): 3-4 ft. trees, \$1.25 each; 10 for \$9.75.

5-N-1 PEAR TREE

Five Leading Varieties on One Tree! Early — Medium — and Late Bartlett, Bosc, Flemish, Kieffer and Seckel

A tree of merit for the small home owner. No yard too small — can be planted in the front yard as well as the backyard. One of the handsomest trees while in bloom — loaded with white flowers. Also will produce a bountiful supply of Pears to eat out of hand, for canning and pickling. BEARS EARLY.

PRICE: 3-Yr., branched, heavy 5-6 ft. trees, \$2.95 each; 2 for \$5.50. Express shipment only — too large for mail.

Standard-Type PEAR TREES

BARTLETT. Large, coloring when fully ripe, to waxen yellow with red blush, juicy, melting, highly flavored. Bears early. Ripens in September.

BEURRE BOSC. Fruit very large, of distinct gourd shape, roundish end, with long tapering neck. Golden russet color; juicy and melting. Ripens late Sept.

FLEMISH BEAUTY. Medium to large pear; pale yellow with a reddish-brown cheek. Flesh fine grained, juicy and sweet. Tree very hardy and productive. Sept. ripening.

KIEFFER. Ripens in October and November. Fruit large, of good quality. Excellent keeper.

SECKEL (Sugar Pear). Small size, yellowish russet, with red cheek. Flesh white, buttery, very juicy and melting. Excellent for pickling. Ripens late Sept.

PRICE OF PEAR TREES (All varieties listed):

2-Yr., $\frac{7}{16}$ in., 3-4 ft. trees, \$1.10 each; 10 for \$8.00; 100 for \$65.00.
 $\frac{9}{16}$ in., 4-5 ft. trees, \$1.40 each; 10 for \$9.75; 100 for \$80.00.

Northern Grown APPLE TREES

We Offer the following varieties in Apples:

ANOKA. The Old Folks Apple! The second year, big, full-sized crop; earliest and heaviest bearing apple. Hardy in all climates. Ripens in August, but can be used a month earlier. Beautifully colored. Best early summer apple.

CORTLAND. Bears 2 to 3 years after planting. An offspring of the McIntosh, but fruit larger, more uniform in size, more highly colored, richer in flavor, firmer, but fully as juicy. Ripens 3 to 4 weeks later. Excellent for eating and cooking.

RED DELICIOUS. This variety needs no description. See photo at left. Fruit, is red all over. Extra fine flavor. Good winter variety.

RED JONATHAN. Excellent red winter apple. Bright, solid red, flesh white, sometimes tinted with red; firm, fine, crisp and tender. Tree bears early and is long-lived.

RED MCINTOSH. One of the finest early fall apples. Medium in size, nearly covered with dark red. Flesh white, tender, juicy and crisp. Tree hardy. Excellent pie-apple.

RED NORTHERN SPY. Red Spy is a typical Spy except in color. The color is solid bright red without either stripes or splashes. Flesh white, tender, mild, sub-acid. Reliable bearer. Very hardy winter apple.

RED ROME BEAUTY. Large winter apple of deep red color; large and of good quality. Thick skinned, stands handling well, and a good keeper. Bears young.

YELLOW DELICIOUS. Best yellow winter apple. Waxy golden color. Luscious flavor. Bears very early, in 2nd and 3rd years. Keeps until late spring without becoming mealy. Very hardy.

YELLOW TRANSPARENT. Ripens in July. Skin clear white, changing to pale yellow when ripe. Flesh white, tender, sub-acid. Good cooking apple.

For **BIGGER CROPS** and **PROFITS** Plant **LATHAM RED RASPBERRIES**

First Choice of Commercial Growers

A popular favorite in all large fruit-growing sections. Extra large, rich red berries, some measuring an inch in diameter. Bears tremendous crop of best quality fruit. Finest berry for canning. Perfectly hardy. Commands highest prices. Plants are state inspected, disease-free, of finest quality, heavy and well-rooted.

PRICE: 1-Yr. No. 1 plants, 6 for \$1.00; 12 for \$1.75; 25 for \$2.75; 50 for \$4.75; 100 for \$9.00; 250 for \$18.50; 500 for \$35.00; 1,000 for \$65.00.

See page 14 for bearing-age plants.

Red Lake **CURRENTS**

Originated at the Minnesota State Breeding Farm — finest of all Red Currants. The berry is unusually large in size and of a superior quality; the clusters are long and filled out to the top; with stems sufficiently long to make picking easy. Berries are a clear light red, and quality excellent. The bush is vigorous, upright and productive. Ripens early midseason, but holds on over a long period so it can be used or marketed, as desired.

Ackerman's **5 - N - 1** **APPLE TREES**

✓ *A Whole Orchard
at Your Own Doorstep*

✓ **Five Kinds of Apples
on One Tree**
Ideal for Home Gardens

The only Apple tree for the small home owner. No yard too small; can be planted in the front yard as well as the back. Will furnish plenty of shade, be highly ornamental, and also will produce a bountiful supply of five different kinds of Apples. The varieties are: Red Delicious, Yellow Delicious, Yellow Transparent, Jonathan and Stayman's Winesap. These are five of the best standard varieties of Apples practically covering the entire season. An outstanding novelty in your community. PRICE: 3-Yr. branched, 9-11/16 in., 4-5 trees, \$1.75 each; 2 for \$3.25. 4-Yr., Extra heavy, 5-6 ft. trees, \$2.75 each; 2 for \$5.25. The 4-Yr. trees cannot be shipped by mail — express only.

Ackerman's Small Fruit Plants

Fall is the ideal time to set your Fruit plants. If you plant your Fruit stock this fall, your bushes will be making a vigorous growth in the Spring before others can even work the ground. These extra weeks of growth mean more and finer fruit for you. All stock offered on this page will be ready for shipment about October 20th. Prices quoted are f.o.b. Bridgman.

New **ROBINSON**

A BEST LATE

The best medium to late—10 days to 2 weeks later than Premier. The largest berry we have ever seen—30 berries will fill a quart. Has produced a wonderful crop of fruit every year under most unfavorable conditions—farmers netted over \$1,000.00 an acre from this variety.

Berries are extremely large, and honey-sweet. Color is decidedly a cardinal-red, and this berry may be offered under this name. Berries have a firm, tough skin, making it an excellent shipper to distant markets. An excellent plant maker on most any kind of soil.

Premier and Robinson, two of the best varieties, will give you berries over the entire season.

Price: 25 for 85c; 50 for \$1.50; 100 for \$2.75; 250 for \$5.50; 500 for \$8.25; 1,000 for \$15.00.

Famous **PREMIER**

BEST EARLY

A standard of excellence with all growers, and the earliest worth-while Strawberry of the older varieties. A great money maker, for it yields its fruit crop at a time when strawberries are in great demand and sell at fancy prices. Premier is as nearly frost-proof as any strawberry can be. It is unusually healthy, being free from leafspot and other diseases. Its deep heavy roots enable it to withstand dry weather and mature a full crop of big berries when many varieties are a complete failure. Large, bright red, firm berries of fine texture and flavor.

Price: 25 for 95c; 50 for \$1.65; 100 for \$2.95; 250 for \$6.00; 500 for \$9.00; 1,000 for \$17.00.

Tried and Tested FOR 49 YEARS

SENATOR DUNLAP

Senator Dunlap

One of the oldest and best varieties — a variety your Grandmother canned when you were a child. Have been sold for 49 years, and still outsells other varieties — they must be good! Will grow on any kind of soil — grown in every State in the Union.

The fruit is medium large, conical in form, regular in size, and never misshapen; dark glossy red in color. Excellent for home use. The best color — the best flavor, and best of all — so sweet it requires but very little sugar.

Plants are unusually healthy and vigorous, adapting itself to any soil or climate. Our propagating plants have been especially selected from heavy producing patches, making this strain heavy producers.

PRICE: 25 for 85c; 50 for \$1.35; 100 for \$2.00; 250 for \$4.00; 500 for \$7.00; 1,000 for \$13.00.

THE BEST LATE LATE GIANT

**BARGAIN
No. 28**

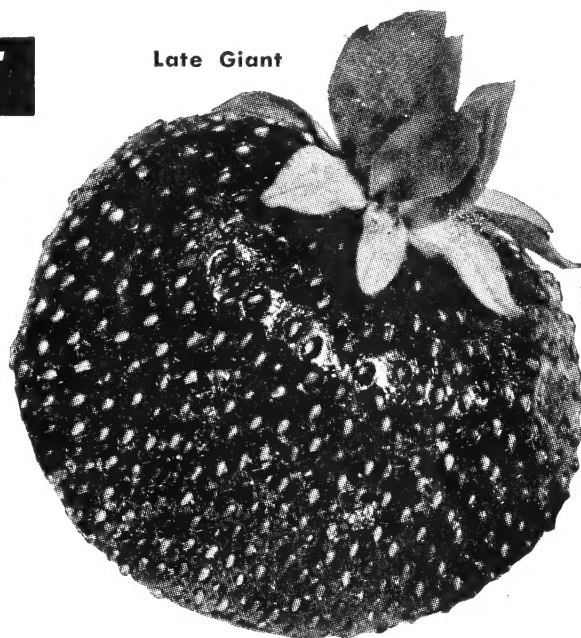

50 Dunlap
50 Late Giant
50 Sparkle

\$3.25

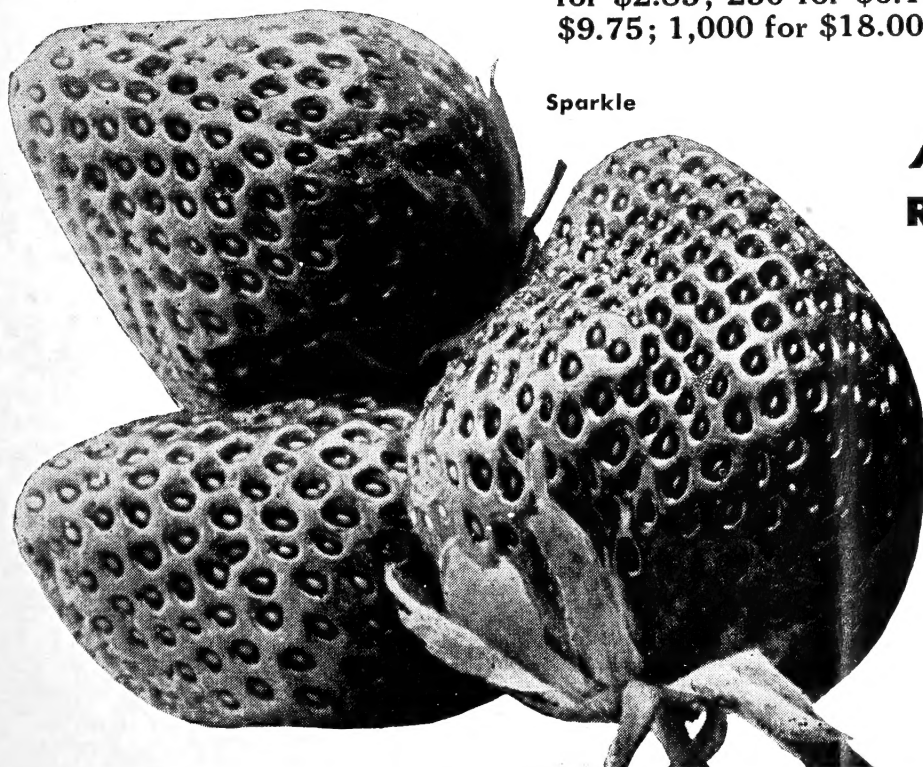

Not prepaid

This variety does not begin to blossom until other varieties are fruiting — so late, in fact, that there will be no waiting between strawberries and raspberries. Berries are dark red all the way through, honey-sweet, with a flavor of a wild strawberry. Berries are giant in size and of good quality. It is a vigorous, healthy grower and very productive. **Very Red Stele resistant**, a very important factor today in raising Strawberries successfully.

PRICE: 25 for \$1.10; 50 for \$1.85; 100 for \$2.85; 250 for \$6.15; 500 for \$9.75; 1,000 for \$18.00.

Late Giant

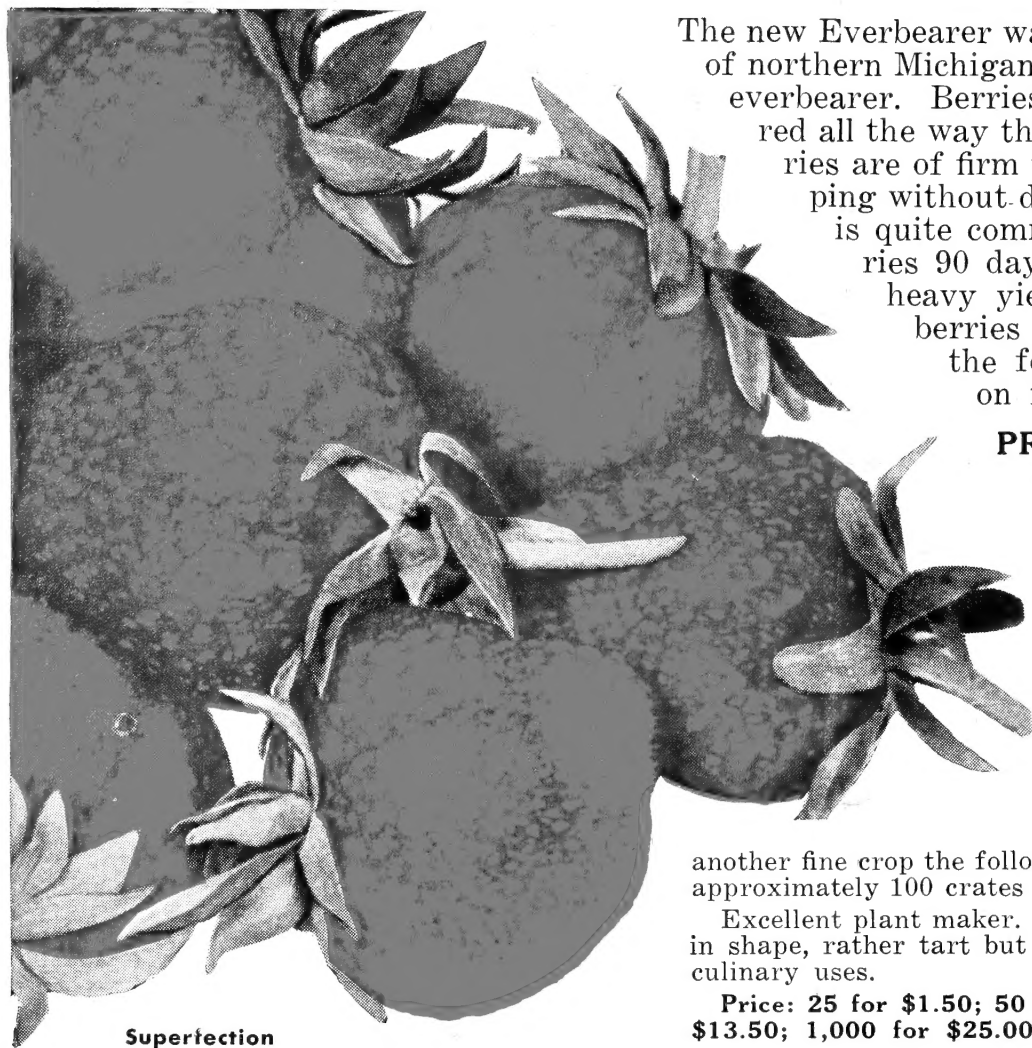

Sparkle

New SPARKLE RED STELE RESISTANT

A recent introduction of the New Jersey Experiment Station. Exceptionally prolific plant maker with good healthy foliage. Especially adapted to northern climates. Its resistance to Red Stele root rot makes this one of the most promising varieties. Heavy producer. Berries round, medium to large, uniform in shape, and as its name indicates, has a bright rich-red color, with a shiny, sparkling skin which makes them very attractive. Quality of berry good. Ripens midseason, being a little later than Premier.

PRICE: 25 for \$1.25; 50 for \$2.00; 100 for \$3.25; 250 for \$6.50; 500 for \$10.00; 1,000 for \$18.50.

Superfection **EVERBEARING STRAWBERRIES** *Bears from June until Frost*

Superfection

The new Everbearer was originated and named by Mr. Keplinger, of northern Michigan, the man who discovered the famous Gem everbearer. Berries are large, roundish in shape; are dark red all the way through, with a very fine, sweet flavor. Berries are of firm texture, will withstand long-distance shipping without discoloration or softening of berries, which is quite common with most all everbearers. Ripe berries 90 days after planting when set in the spring; heavy yielder — produces an abundance of large berries until snow flies, plus another bumper crop the following year. An excellent plant maker on most any soil.

PRICE: 25 for \$1.75; 50 for \$3.00; 100 for \$4.95; 250 for \$10.00; 500 for \$19.00; 1,000 for \$35.00.

GEM **EVERBEARING STRAWBERRIES** **Two Crops Each Year**

The Berry That Really Produces. Plant this fall — pick all next summer — you'll get back the price paid for the plants, and **most important, a big profit besides.** You'll harvest

another fine crop the following June — two crops in one year. Will produce approximately 100 crates per acre.

Excellent plant maker. The berries are large, bright red, firm, roundish in shape, rather tart but of good flavor and quality. Good for dessert or culinary uses.

Price: 25 for \$1.50; 50 for \$2.15; 100 for \$3.75; 250 for \$7.50; 500 for \$13.50; 1,000 for \$25.00.

New Streamliner **EVERBEARING STRAWBERRY**

An Everbearer that has everything! Enormous size, beautiful coloring, good flavor, excellent shipping qualities and a good producer. It is of exceptionally large size. Berries are almost round, glistening scarlet color and are sweet as honey — full strawberry flavor. No green tips, for it ripens evenly. Its firm qualities make this an excellent shipper. A wonderful variety for freezing. An excellent plant maker.

Two crops in one year — ripens 60 to 90 days after planting, when set in the spring, fruiting continuously until snow flies — then another fine crop the following June.

Price: 25 for \$1.50; 50 for \$2.75; 100 for \$4.95; 250 for \$10.00; 500 for \$18.50; 1,000 for \$35.00.

Streamliner

2 Red Stele Resistant STRAWBERRIES

NEW TEMPLE

This new variety "made-to-order" to take care of the Red Stele menace, has been perfected after many years of crossing and testing. Exceptionally vigorous variety, producing unusually tall plants and perfectly healthy growth. It is an excellent plant maker. Tests have proven it will grow and produce on soils infested with Red Stele.

Temple is very productive. Berries are medium to large, and beautiful red in color, blunt, conic, smooth, uniform and have large attractive caps. Berries are of very good quality, and an excellent shipper. Ripens nearly as early as the well-known Blakemore — one of the first to ripen in the Central States, often the last week in May.

PRICE: 25 for \$1.10; 50 for \$1.85; 100 for \$2.85; 250 for \$6.15; 500 for \$10.00; 1,000 for \$18.50.

NEW FAIRLAND

The Fairland is an Aberdeen-Fairfax cross released by the U.S.D.A., University of Maryland. A variety that has made its own name, and its own record. Fairland is an early-midseason variety, ripening but a few days after Premier. Berries are medium to large, bright light-red; excellent freezing qualities; firm, carrying well to distant markets.

Fairland is highly productive, ranking with Premier, Catskill and Temple, and is destined for Leadership in the Strawberry family. Trials have proven Fairland to be adaptable in all Premier growing areas, and more productive than Premier in many sections. It is a heavy plant producer on rich, moist soils, set farther apart than other varieties. Healthy foliage unusually free of leaf spot, scorch, resistant to Red Stele and root disease.

Plant both Temple and Fairland this Fall and give these two worth-while future leaders a chance to prove you can forget about Red Stele and root disease.

PRICE: 25 for \$1.10; 50 for \$1.85; 100 for \$2.85; 250 for \$6.15; 500 for \$10.00; 1,000 for \$18.50.

OUR GUARANTEE

We guarantee all of our nursery stock to be just as represented in our catalog, fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach the customer alive and in perfect growing condition. Furthermore, we will, at our option, either replace free of charge or refund purchase price of any stock that arrives in bad condition, provided claims are made 10 days after arrival, accompanied by a signed statement from the express agent or postmaster at destination, showing extent of loss or damage. After 10 days, it is mutually agreed that stock is satisfactory. Do not return plants unless so instructed by us.

Remember, trees, plants, and vines are living things, and subject to attacks of insects, drought and disease. Continued growth depends upon soil, climatic conditions, planting and care — conditions we cannot control — hence is not guaranteed.

A FREE GIFT With Early Cash Orders

**NEW! Exquisite DOUBLE PEONY-FLOWERED TULIP
"SYMPHONIA"**

An entirely new color in these beautiful Peony-flowered Tulips! A glistening, deep rose-red. It is a sport of the well-known Pride of Haarlem darwin tulip. These full double peony-flowered **Symphonia** Tulips will arouse the greatest admiration — enormous large flowers on straight stems of about 20 inches high.

PRICE: 75c each; 3 for \$1.75 Postpaid.

BIG GIFT PLANTING — For Early Cash Orders

To every customer who sends us an order before October 10th, 1951, accompanied by cash in full at regular catalog prices, exclusive of Bargain Offers, we will include absolutely free, the following:

1 **SYMPHONIA TULIP** (priced at 75c) free with cash orders between \$2.50 and \$5.00.

2 **SYMPHONIA TULIPS** (priced at \$1.50) free with cash orders between \$5.01 and \$10.00.

3 **SYMPHONIA TULIP** (priced at \$1.75) free with cash orders amounting to more than \$10.00.

THESE OFFERS EFFECTIVE UNTIL OCTOBER 10, 1951, ONLY

Our supply of this variety is too limited to guarantee furnishing them after October 10, 1951. On all cash orders received after October 10th, we will include **Symphonia Tulip**, if still in stock. If not, will include free nursery stock of our own selection.

IMPORTANT!

All prices in this catalog are quoted f.o.b. Bridgman — customer to pay transportation, unless otherwise specified. Orders will be acknowledged same day received, and shipped in season or as per instructions you give. We will also return your original order as placed, together with any papers you might send; therefore, should you find it necessary to write us relative to order at any time, be sure to return ALL PAPERS sent to you, including the shipping tags. (Do not return papers when sending postage remittance — only the postage card with your remittance. WE WILL BE UNABLE TO TAKE CARE OF ANY ADJUSTMENTS OR CHANGES UNLESS ALL PAPERS AND TAGS ARE RETURNED. PLEASE REMEMBER THIS — THIS IS VERY IMPORTANT.

New September EVERBEARING RED RASPBERRY

2-18 — A New Autumn-Fruiting Red Raspberry, or so-called Everbearing Raspberry, introduced by the New York State Fruit Testing Association in the Fall of 1947. It is the result of crossing Marcy with Ranere.

Berries are of good size and high quality, round, and bright red in color, and show no tendency to crumble. Fruit clings more securely to the bushes, which should prove to be a great boon to the commercial grower for this would mean it would not be necessary to pick the berries as often as is the usual case with the ordinary red raspberry.

This outstanding Autumn-Fruiting variety ripens its fruit 3 to 4 weeks earlier than other Fall-fruited raspberries, maturing its crop before the Fall freezes, which has been one of the drawbacks of other Everbearing varieties. The summer crop is as early as that of June or about 5 days earlier than Newburgh.

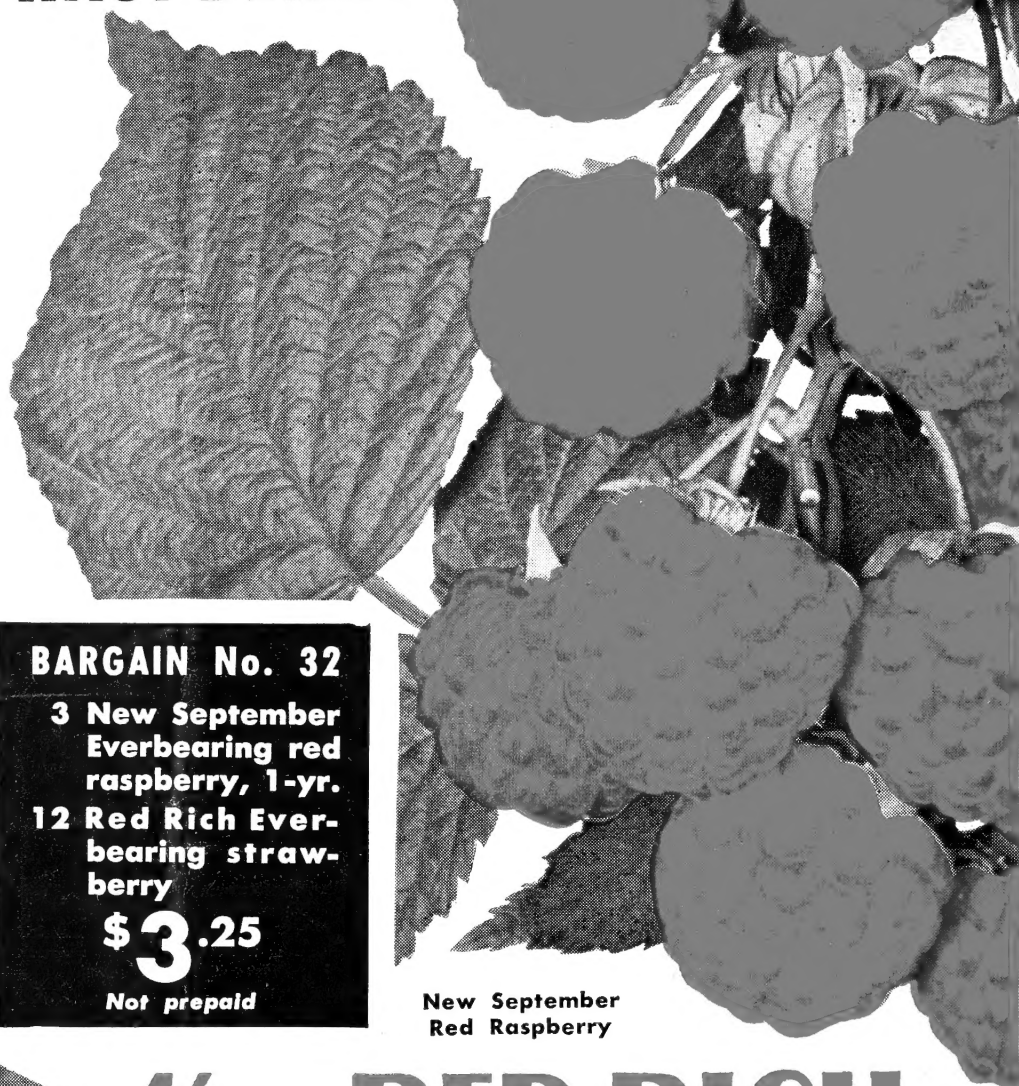

TWO CROPS IN ONE YEAR.

The plants are vigorous, healthy and hardy and increase rapidly. Buy a few plants this year and be well on your way to a fine patch of this wonderful berry. Just the berry for home gardens, for it will provide berries for your table most all season.

This variety is so new, only a very few plants are available and are sure we will not be in a position to supply the demand we anticipate for New September. Order early and avoid disappointment. This variety merits a trial even in the smallest garden.

Price: 1-Yr. No. 1 plants, 3 for \$1.50; 6 for \$2.75; 12 for \$5.00; 25 for \$9.00.

New September
Red Raspberry

New RED RICH EVERBEARING STRAWBERRY

(Plant Patent No. 993)

We are again happy to offer an outstanding variety of Strawberry which will produce **TWO CROPS** in one year — the first one only 90 days after planting. A new variety which has all the superior qualities which we have been looking for in a Strawberry, plus being an **EVERBEARER**.

This berry is the result of a cross between the Wayzata everbearing and the Fairfax. It has retained the wonderful flavor of the Wayzata (honey-sweetness) and the high yielding ability of the Fairfax. The Wayzata has always been considered an outstanding Everbearer due to its high quality and delicious sweet flavor, but it was a poor plant maker. Now, in this variety, you not only have the much prized sweetness and wonderful flavor, but also a good plant maker.

Fruit and appearance of plant are very similar to Fairfax. **ATTRACTIVE RED GLOSSY COLOR.** Berries are rather round, and as its name implies, is a beautiful rich red all the way through; flesh is firm, core is small, and the berry ripens evenly under normal conditions.

UNSURPASSED FOR FREEZING and processing. In fact the best berry we have ever seen for this purpose.

BIG PROFITS for commercial growers. Records kept by one Minnesota grower state that last year his Rich Red Everbearing produced 4,000 quarts on one acre, and although he has not kept a record, believes it will yield as much as any commercial variety, such as Premier.

GOOD SHIPPER. During the last summer's hot weather, berries which were rather ripe when picked were still salable after 3 days in room temperature. When kept in refrigerator, the berries were still good after 10 days.

STRONGEST GROWING PLANT we have ever seen and very disease-resistant. Very vigorous and thrifty grower, healthy foliage and excellent plant maker. Just the berry for a small garden and is successful for the commercial grower.

Plant this variety this spring and be in a position to supply your market when they demand a fine Everbearer of this type.

PRICE: 12 for \$2.95; 25 for \$5.00; 50 for \$8.50; 100 for \$15.00.
